

ART. 1674

BACTERIOSTATIC ANATOMICAL ABDOMINAL

ART. 1675

BACTERIOSTATIC ABDOMINAL BINDER

CHARACTERISTICS AND FUNCTIONALITIES

Helps recover as fast and better as possible:

- Double and adjustable crisscrossing frontal strap - to allow a correct, progressive and comfortable closure regardless of patient shape
- Two back stays to give light support to the lumbar district

User friendly:

- Frontal straps (with closing pocket) to simplify closing for elderly patients
- Unisex

Comfortable:

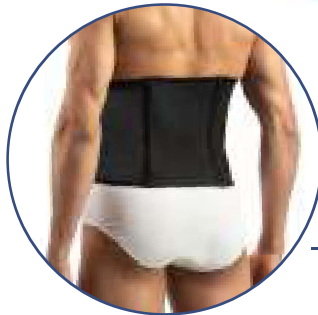

- Breathable and elastic fabric

Hygienic:

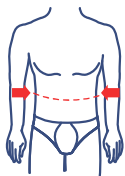

- Antibacterial AIRGENIX elastic textile, prevent bad odors

INDICATIONS

- Abdominal contention
- Post abdominal surgical op.
