Self·led·light®

sapi med
DIAGNOSTIC LINE

CE

Disposable **Self•LED•light** anoscopes are made of transparent plastic material and supplied in individually sealed bags with a built-in disposable LED light source.
LED lighting can be performed by pulling out the transparent strip. Guaranteed same light intensity for two hours usage. At the end of the examination, by lifting the tab placed on the base of the penlight it will open in two parts allowing the separate disposal of its parts (metal, batteries, plastic).

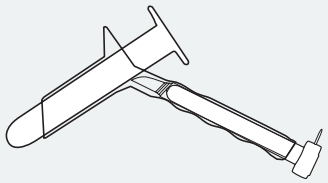
Self•LED•light unique handle allows the usage with Sapi Med LED light sources or flash-light and also with the new eco-friendly pen-LEDs, guaranteeing optimal illumination and making Sapi Med instruments multi-light devices.
Compatible, through adapter, to Sapitech cameras or to systems of image aquisition **ALREADY AVAILABLE IN HOSPITALS** (for example operating theatres laparoscopic column).

W.000160GB REV 04 03 2021

TECHNICAL FEATURES

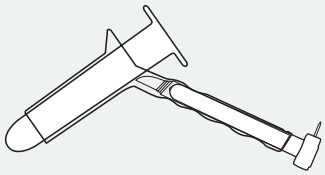
- *Clear, transparent plastic proctoscopes*
- *Flash free*
- *Guaranteed atraumatic*
- *Removable and non-rechargeable LED light*
- *Multi-light handle*
- *Separable anoscope and LED lighting for safe disposable*
- *Conforms fully with essential requirements of European Council Directive 93/42/EU*
- *Latex free*
- *Non sterile*

REF A.4018L CE



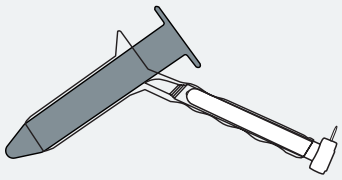
Paediatric/diagnostic flute-beaked proctoscope with built-in LED lighting
Tube length: 43/56mm
Tube diameter: 18mm
***Quantity per box**: 25 pcs.*

REF A.4019L CE



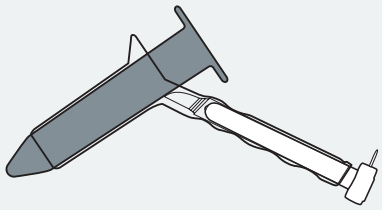
Paediatric/diagnostic trunk-end proctoscope with built-in LED lighting
Tube length: 54mm
Tube diameter: 18mm
***Quantity per box**: 25 pcs.*

REF A.4021L CE — Blue Scope Midi



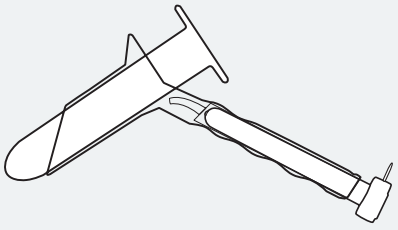
Surgical/Examination Proctoscope trunk-end with LED lighting built-in
Tube length: 70mm
Tube diameter: 21mm
Blu Scope midi has similar design characteristics to code A.4023L/A.4023LST. Allows excellent control of the anal canal walls.
***Quantity per box**: 25 pcs.*
*Also available in the version without adhesive **REF A.4021.1L.***

REF A.4022L CE — Blue Scope



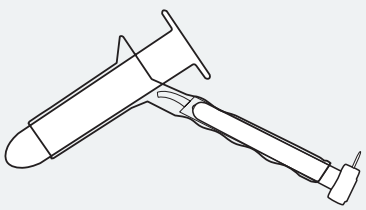
Surgical/Examination Proctoscope trunk-end with LED lighting built-in
Tube length: 79mm
Tube diameter: 23mm
Blu Scope has similar design characteristics to code A.4023L/A.4023LST. Allows excellent control of the anal canal walls.
***Quantity per box**: 25 pcs.*
*Also available in the version without adhesive **REF A.4022.1L.***

REF A.4023L CE



Surgical/Examination Proctoscope flute beaked with LED lighting built-in
Tube length: 55/88mm
Tube diameter: 23mm
Flute beak to perform biopsies, elastic ligatures and haemorrhoid sclerosis, incision of intra-anal haematomas, excision of hypertrophic anal papillae, sutures with haemostatic stitiche following polypectomy, I.R. coagulation etc.
***Quantity per box**: 25 pcs.*
*Also available in the version without adhesive **REF A.4023.1L.***

REF A.4024L CE



Surgical/Examination Proctoscope trunk-end with LED lighting built-in
Tube length: 65mm
Tube diameter: 23mm
They have similar design characteristics to code A.4023L/A.4023LST. Allows excellent control of the anal canal walls.
***Quantity per box**: 25 pcs.*
*Also available in the version without adhesive **REF A.4024.1L.***
